What is person-centred care? Person-centred care is a way of thinking and doing things that sees the people using health and social services as equal partners in planning, developing and monitoring care to

### **What is person-centred care and why is it important?**

Involving people in their own health and care requires services to shift the focus of support from ‘what is the matter with you?’ to ‘what matters to you?’. Not only does this acknowledge the individual as an expert in their own care, but it also gives people
