4 Wire Flat Trailer Side Connectors. 4 Wire Flats are the most commonly used trailer plug. This plug is found on small boat, utility, jet ski, snowmobile and small camper trailers where right turn/brake, left turn/brake, tail/marker lights and ground is needed.

4 Wire Flat Trailer Side Connectors - Hopkins Towing Solutions

A modular connector is an electrical connector that was originally designed for use in telephone wiring, but has since been used for many other purposes. Many applications that originally used a bulkier, more expensive connector have converted to modular connectors. Probably the best known applications of modular connectors are for telephone and
